Description

PRICED TO SELL! - JUST SERVICED

These Chris Craft are rare to find, and Diesel's even harder to get. This boat has been well maintained by professional shipwrights, and would pass any survey.

Chris-Craft's Corsair 36, fitted with twin Volvo Penta D6 310-horespower diesel stern drives, can zip across the seas at top speeds approaching 40 knots.

Your boat will have plenty of admirers, as the 36 retains Chris-Craft's iconic lines, and in the stunning blue it also has plenty of visible teak to have the classic look.

Guests can relax in the U-shaped aft seating area, while the captain mans a helm outfitted with eye-catching, custom Chris-Craft gauges. A power-assisted bimini top can be raised to provide shade and comfort for everyone.

Down below, there's a fully equipped galley, convenient for serving food to the dining table in the saloon. When dinner is over, (and if extra accomodation is required) the saloon can convert into a sleeping area with room for two.

A full head and shower ensures full comfort when staying overnight or longer.

But if it is just the two of you, you can retire to the private master cabin (enclosed by door) which has a Queen sized bed with plenty of room and storage space.

Features
