Description

Auction - Thursday 22nd August 11am, Gold Coast Turf Club

ELYSIUM 3 is an amazing luxury sport yacht that combines a comfortable, spacious layout for family cruising and corporate entertaining with the ability to cruise economically at 24 knots or, if you are really in a hurry she has a top speed in excess of 42 knots! Her well versed owners have recently spent in excess of \$300,000 AU on a modern refit, including full mettalic hull respray & new interior softs - the vessel is flawless aestehically & mechanically with a recent condition survey available upon request.

The main deck has an open plan layout with lounge and dining areas all covered by a full length electric opening sunroof perfect for dining under the stars on a moonlit night or enjoying some sun during autumn or winter cruises. The salon doors open onto a spacious aft deck complete with a wide sunbed, seating, refrigeration, bar b que and access stairs down to the swim platform and tender garage.

The well-equipped helm station is right forward and is separated from the main salon by a storage console that includes a TV. There is a full Ray Marine electronics package, engine controls, bow and stern thruster controls with three custom helm chairs offering very comfortable seating for the captain and guests. Accommodation on the lower deck features four luxuriously appointed cabins all with en suite facilities. The full width master stateroom has three floor to ceiling windows either side of the Queen berth amidships.

There is a breakfast nook on the starboard side and a lounge on the port side. The VIP stateroom is forward and there are two additional guest cabins one with twin berths and the other has a king single.

ELYSIUM 3 presents extremely well as she has been maintained to a very high standard by her professional captain with his efforts supported financially by her current owners. The main MTU engines are under full MTU (Penske) warranty until September 2019. ELYSIUM3 is a special boat offering her new owners the opportunity to take over a turn key vessel, ready to cruise. Just add family, friends, food, beverages and enjoy!
